

The Advisors' Inner Circle Fund II

CARDINAL SMALL CAP VALUE FUND

Semi-Annual Report | April 30, 2019

Beginning on March 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by contacting your financial intermediary.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can follow the instructions included with this disclosure, if applicable, or you can contact your financial intermediary to inform it that you wish to continue receiving paper copies of your shareholder reports. If you invest directly with the Fund, you can inform the Fund that you wish to continue receiving paper copies of your shareholder reports by calling 1-844-CCM-SEIC (1-844-226-7342). Your election to receive reports in paper will apply to all funds held with your financial intermediary if you invest through a financial intermediary.

The Fund files its complete schedule of investments of fund holdings with the Securities and Exchange Commission (the “Commission”) for the first and third quarters of each fiscal year on Form N-Q or as an exhibit to its reports on Form N-PORT within sixty days after period end. The Fund’s Forms N-Q and Form N-PORT reports are available on the Commission’s website at <http://www.sec.gov>, and may be reviewed and copied at the Commission’s Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to fund securities, as well as information relating to how the Fund voted proxies relating to fund securities during the most recent 12-month period ended June 30, will be available (i) without charge, upon request, by calling 1-844-CCM-SEIC (1-844-226-7342); and (ii) on the Commission’s website at <http://www.sec.gov>.

NOTES TO FINANCIAL STATEMENTS

1. Organization:

The Advisors' Inner Circle Fund II (the "Trust") is organized as a Massachusetts business trust under an Amended and Restated Agreement and Declaration of Trust dated February 18, 1997. The Trust is registered under the Investment Company Act of 1940, as amended, as an open-end management investment company with 27 funds. The financial statements herein are those of the Cardinal Small Cap Value Fund (the "Fund"). The Fund commenced operations on April 1, 2014. The Fund is diversified and its investment objective is to seek to achieve long-term capital appreciation. The Fund invests primarily (at least 80% of its net assets) in securities of small capitalization companies. The financial statements of the remaining funds of the Trust are presented separately. The assets of each fund are segregated, and a shareholder's interest is limited to the fund in which shares are held.

2. Significant Accounting Policies:

The following are significant accounting policies, which are consistently followed in the preparation of the financial statements of the Fund. The Fund is an investment company that applies the accounting and reporting guidance issued in Topic 946 by the U.S. Financial Accounting Standards Board ("FASB").

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the fair value of assets, the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and such differences could be material.

Security Valuation — Securities listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on NASDAQ), including securities traded over the counter, are valued at the last quoted sale price on an exchange or market (foreign or domestic) on which they are traded on valuation date (or at approximately 4:00 pm ET if a security's primary exchange is normally open at that time), or, if there is no such reported sale on the valuation date, at the most recent quoted bid price. For securities traded on NASDAQ, the NASDAQ Official Closing Price will be used.

Securities for which market prices are not "readily available" are valued in accordance with fair value procedures established by the Fund's Board of Trustees (the "Board"). The Fund's fair value procedures are implemented through a fair value committee (the "Committee") designated by the Board. Some of the more common

reasons that may necessitate that a security be valued using fair value procedures include: the security's trading has been halted or suspended; the security has been de-listed from a national exchange; the security's primary trading market is temporarily closed at a time when under normal conditions it would be open; the security has not been traded for an extended period of time; the security's primary pricing source is not able or willing to provide a price; or trading of the security is subject to local government imposed restrictions. When a security is valued in accordance with the fair value procedures, the Committee will determine the value after taking into consideration relevant information reasonably available to the Committee.

In accordance with the authoritative guidance on fair value measurements and disclosure under U.S. GAAP, the Fund discloses fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 —Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Fund has the ability to access at the measurement date;
- Level 2 – Other significant observable inputs (includes quoted prices for similar securities, interest rates, prepayment speeds, credit risk, referenced indices, quoted prices in inactive markets, adjusted quoted prices in active markets, etc.); and
- Level 3 — Prices, inputs or exotic modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Investments are classified within the level of the lowest significant input considered in determining fair value. Investments classified within Level 3 whose fair value measurement considers several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

For the six months ended April 30, 2019, there have been no significant changes to the Fund's fair valuation methodology.

Federal Income Taxes — It is the Fund's intention to continue to qualify as a regulated investment company for Federal income tax purposes by complying with the appropriate provisions of Subchapter M of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for Federal income taxes have been made in the financial statements.

The Fund evaluates tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether it is "more-likely-than-not" (i.e., greater than 50-percent) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. The Fund did not record any tax provision in the current period. However, management's conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities (i.e., all open tax year ends, since inception), on-going analysis of and changes to tax laws, regulations and interpretations thereof.

As of and during the six months ended April 30, 2019, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the six months, the Fund did not incur any interest or penalties.

Security Transactions and Investment Income — Security transactions are accounted for on trade date basis for financial reporting purposes. Costs used in determining realized gains and losses on the sale of investment securities are based on the specific identification method. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis from settlement date.

Investments in Real Estate Investment Trusts ("REITs") — Dividend income from REITs is recorded based on the income included in distributions received from the REIT investments using published REIT reclassifications, including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

Expenses — Expenses that are directly related to the Fund are charged to the Fund. Other operating expenses of the Trust are prorated to the funds based on the

number of funds and/or relative daily net assets.

Dividends and Distributions to Shareholders — The Fund distributes substantially all of its net investment income annually. Distributions from net realized capital gains, if any, are declared and paid annually. All distributions are recorded on ex-dividend date.

3. Transactions with Affiliates:

Certain officers of the Trust are also employees of SEI Investments Global Funds Services (the “Administrator”), a wholly owned subsidiary of SEI Investments Company, and/or SEI Investments Distribution Co. (the “Distributor”). Such officers are paid no fees by the Trust, other than the Chief Compliance Officer (“CCO”) as described below, for serving as officers of the Trust.

A portion of the services provided by the CCO and his staff, whom are employees of the Administrator, are paid for by the Trust as incurred. The services include regulatory oversight of the Trust’s advisors and service providers, as required by SEC regulations. The CCO’s services and fees have been approved by and are reviewed by the Board.

4. Administration, Distribution, Custodian and Transfer Agent Agreements:

The Fund and the Administrator are parties to an Administration Agreement, under which the Administrator provides administrative services to the Fund. For these services, the Administrator is paid an asset based fee, which will vary depending on the number of share classes and the average daily net assets of the Fund. For the six months ended April 30, 2019, the Fund paid \$57,710 for these services.

The Trust and the Distributor are parties to a Distribution Agreement. The Distributor receives no fees under the agreement.

MUFG Union Bank, N.A. acts as custodian (the “Custodian”) for the Fund. The Custodian plays no role in determining the investment policies of the Fund or which securities are to be purchased or sold by the Fund.

Atlantic Fund Services, LLC serves as the transfer agent and dividend disbursing agent for the Fund under a transfer agency agreement with the Trust.

5. Investment Advisory Agreement:

Under the terms of an investment advisory agreement, Cardinal Capital Management, L.L.C. (the “Adviser”) provides investment advisory services to the Fund at a fee, which is calculated daily and paid monthly at an annual rate of 0.70% of the Fund’s average daily net assets. The Adviser has contractually agreed to reduce fees and reimburse

**THE ADVISORS' INNER CIRCLE FUND II CARDINAL SMALL CAP
VALUE FUND
APRIL 30, 2019 (Unaudited)**

expenses to the extent necessary to keep the Institutional Class Shares' total annual operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses) from exceeding 1.00% of the Fund's Institutional Class Shares' average daily net assets until May 31, 2020. This Agreement may be terminated: (i) by the Board, for any reason at any time; or (ii) by the Adviser, upon ninety (90) days' prior written notice to the Trust, effective as of the close of business on May 31, 2020. In addition, if at any point it becomes unnecessary for the Adviser to reduce fees or make expense reimbursements, the board may permit the Adviser to retain the difference between total annual operating expenses and 1.00% to recapture all or a portion of its prior reductions or reimbursements made during the preceding three-year period. As of April 30, 2019, fees which were previously waived and/or reimbursed by the Adviser which may be subject to possible future reimbursement to the Adviser were \$154,714, \$59,298, and \$4,788 expiring in 2020, 2021, and 2022 respectively.

6. Share Transactions:

	Six Months Ended April 30, 2019 (Unaudited)	Year Ended October 31, 2018
Share Transactions:		
Institutional Class Shares		
Issued.....	2,534,579	5,212,599
Reinvestment of Distributions	339,955	142,013
Redeemed.....	(1,490,130)	(943,385)
Net Institutional Class Shares Capital Share Transactions	1,384,404	4,411,227
Net Increase in Shares Outstanding From Share Transactions	1,384,404	4,411,227

7. Investment Transactions:

For the six months ended April 30, 2019, the Fund made purchases of \$33,996,757 and sales of \$22,497,817 in investment securities other than long-term U.S. Government and short-term securities. There were no purchases or sales of long-term U.S. Government securities.

8. Federal Tax Information:

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with Federal income tax regulations, which may differ from U.S. GAAP. As a result, net investment income (loss) and net realized gain (loss) on investment transactions for a reporting period may differ significantly from distribu-

**THE ADVISORS' INNER CIRCLE FUND II CARDINAL SMALL CAP
VALUE FUND
APRIL 30, 2019 (Unaudited)**

tions during such period. These book/tax differences may be temporary or permanent. To the extent these differences are permanent in nature, they are charged or credited to undistributed net investment income (loss), accumulated net realized gain (loss) or paid-in capital, as appropriate, in the period that the differences arise.

The tax character of dividends and distributions declared during the years ended October 31, 2018 and 2017 were as follows:

	<u>Ordinary Income</u>	<u>Long-Term Capital Gain</u>	<u>Total</u>
2018	\$110,275	\$2,124,903	\$2,235,178
2017	117,446	292,400	409,846

As of October 31, 2018, the components of Accumulated Losses on a tax basis were as follows:

Undistributed Ordinary Income	\$ 720,811
Undistributed Long-Term Capital Gains	3,669,623
Unrealized Depreciation	(4,902,728)
Other Temporary Differences	4
Total Accumulated Losses	<u>\$ (512,290)</u>

For Federal income tax purposes the difference between Federal tax cost and book cost primarily relates to wash sales, which cannot be used for Federal income tax purposes in the current year and have been deferred for use in future years. The Federal tax cost and aggregate gross unrealized appreciation and depreciation for the investments held by the Fund at April 30, 2019, were as follows:

<u>Federal Tax Cost</u>	<u>Aggregate Gross Unrealized Appreciation</u>	<u>Aggregate Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation</u>
\$ 106,174,942	\$ 9,262,305	\$ (7,483,414)	\$ 1,778,891

9. Concentration of Risks

Equity Market Risk — The risk that stock prices will fall over short or extended periods of time.

Manager Risk — The performance of the Fund is dependent upon the portfolio managers' skill in making appropriate investments. The Adviser's investment strategy may fail to produce the intended result. As a result, the Fund may underperform its benchmark or peers.

REIT Risk — REITs are pooled investment vehicles that own, and usually operate, income-producing real estate. REITs are susceptible to the risks associated with direct ownership of real estate, such as the following: declines in property values; increases in property taxes, operating expenses, interest rates or competition; overbuilding; zoning changes; and losses from casualty or condemnation. REITs typically incur fees that are separate from those of the Fund. Accordingly, the Fund's investments in REITs will result in the layering of expenses such that shareholders will indirectly bear a proportionate share of the REITs' operating expenses, in addition to paying Fund expenses. REIT operating expenses are not reflected in the fee table and example in the Prospectus.

Small Capitalization Companies Risk — The risk that small capitalization companies in which the Fund invests may be more vulnerable to adverse business or economic events than larger, more established companies. In particular, small capitalization companies may have limited product lines, markets and financial resources and may depend upon a relatively small management group. Therefore, small capitalization stocks may be more volatile than those of larger companies. Small capitalization stocks may be traded over-the-counter or listed on an exchange. The market for small capitalization companies may be less liquid than the market for larger capitalization companies.

Value Style Risk — If the Adviser's assessment of market conditions, or a company's value or its prospects for exceeding earnings expectations is inaccurate, the Fund could suffer losses or produce poor performance relative to other funds. In addition, "value stocks" may continue to be undervalued by the market for long periods of time.

10. Concentration of Shareholders:

At April 30, 2019, 71% of Institutional Class Shares total shares outstanding were held by four record shareholders each owning 10% or greater of the aggregate total shares outstanding. These shareholders were comprised of a record shareholder and several omnibus accounts that were held on behalf of various individual shareholders.

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be established; however, based on experience, the risk of loss from such claim is considered remote.

11. Regulatory Matters:

In On August 17, 2018, the SEC adopted amendments to Regulation S-X. These changes are effective for periods after November 5, 2018. The updates to Registered Investment Companies were mainly focused on simplifying the presentation of distributable earnings by eliminating the need to present the components of distributable earnings

on a book basis in the Statement of Assets & Liabilities. The update also impacted the presentation of undistributed net investment income and distribution to shareholders on the Statement of Changes in Net Assets. The amounts presented in the current Statement of Changes in Net Assets represent the aggregated total distributions of net investment income and realized capital gains, except for distributions classified as return of capital which are still presented separately.

12. New Accounting Pronouncement:

In August 2018, the FASB issued Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820). The new guidance includes additions and modifications to disclosures requirements for fair value measurements. For public entities, the amendments are effective for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. At this time, management is currently evaluating the impact of this new guidance on the financial statements and disclosures.

13. Subsequent Events:

The Fund has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no additional disclosures and/or adjustments were required to the financial statements.

DISCLOSURE OF FUND EXPENSES

All mutual funds have operating expenses. As a shareholder of a mutual fund, your investment is affected by these ongoing costs, which include (among others) costs for fund management, administrative services, and shareholder reports like this one. It is important for you to understand the impact of these costs on your investment returns.

Operating expenses such as these are deducted from the mutual fund's gross income and directly reduce your final investment return. These expenses are expressed as a percentage of the mutual fund's average net assets; this percentage is known as the mutual fund's expense ratio.

The following examples use the expense ratio and are intended to help you understand the ongoing costs (in dollars) of investing in your Fund and to compare these costs with those of other mutual funds. The examples are based on an investment of \$1,000 made at the beginning of the period shown and held for the entire period (November 1, 2018 to April 30, 2019).

The table on the next page illustrates your Fund's costs in two ways:

- **Actual Fund Return.** This section helps you to estimate the actual expenses after fee waivers that your Fund incurred over the period. The "Expenses Paid During Period" column shows the actual dollar expense cost incurred by a \$1,000 investment in the Fund, and the "Ending Account Value" number is derived from deducting that expense cost from the Fund's gross investment return.

You can use this information, together with the actual amount you invested in the Fund, to estimate the expenses you paid over that period. Simply divide your ending starting account value by \$1,000 to arrive at a ratio (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply that ratio by the number shown for your Fund under "Expenses Paid During Period."

- **Hypothetical 5% Return.** This section helps you compare your Fund's costs with those of other mutual funds. It assumes that the Fund had an annual 5% return before expenses during the year, but that the expense ratio (Column 3) for the period is unchanged. This example is useful in making comparisons because the Securities and Exchange Commission requires all mutual funds to make this 5% calculation. You can assess your Fund's comparative cost by comparing the hypothetical result for your Fund in the "Expense Paid During Period" column with those that appear in the same charts in the shareholder reports for other mutual funds.

THE ADVISORS' INNER CIRCLE FUND II **CARDINAL SMALL CAP VALUE FUND**
APRIL 30, 2019 (Unaudited)

DISCLOSURE OF FUND EXPENSES

NOTE: Because the return is set at 5% for comparison purposes — NOT your Fund's actual return — the account values shown may not apply to your specific investment.

	Beginning Account Value 11/01/18	Ending Account Value 4/30/19	Annualized Expense Ratios	Expenses Paid During Period*
Cardinal Small Cap Value Fund				
Actual Fund Return				
Institutional Class Shares	\$ 1,000.00	\$ 1,025.00	1.00%	\$5.02
Hypothetical 5% Return				
Institutional Class Shares	\$ 1,000.00	\$ 1,019.84	1.00%	\$5.01

* Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by 181/365 (to reflect the one-half year period.)

RENEWAL OF INVESTMENT ADVISORY AGREEMENT

Pursuant to Section 15 of the Investment Company Act of 1940 (the "1940 Act"), the Fund's advisory agreement (the "Agreement") must be renewed at least annually after its initial two-year term: (i) by the vote of the Board of Trustees (the "Board" or the "Trustees") of The Advisors' Inner Circle Fund II (the "Trust") or by a vote of a majority of the shareholders of the Fund; and (ii) by the vote of a majority of the Trustees who are not parties to the Agreement or "interested persons" of any party thereto, as defined in the 1940 Act (the "Independent Trustees"), cast in person at a meeting called for the purpose of voting on such renewal.

A Board meeting was held on February 27, 2019 to decide whether to renew the Agreement for an additional one-year term. In preparation for the meeting, the Trustees requested that the Adviser furnish information necessary to evaluate the terms of the Agreement. Prior to the meeting, the Independent Trustees of the Fund met to review and discuss the information provided and submitted a request for additional information to the Adviser, and information was provided in response to this request. The Trustees used this information, as well as other information that the Adviser and other service providers of the Fund presented or submitted to the Board at the meeting and other meetings held during the prior year, to help them decide whether to renew the Agreement for an additional year.

Specifically, the Board requested and received written materials from the Adviser and other service providers of the Fund regarding: (i) the nature, extent and quality of the Adviser's services; (ii) the Adviser's investment management personnel; (iii) the Adviser's operations and financial condition; (iv) the Adviser's brokerage practices (including any soft dollar arrangements) and investment strategies; (v) the Fund's advisory fee paid to the Adviser and overall fees and operating expenses compared with a peer group of mutual funds; (vi) the level of the Adviser's profitability from its relationship with the Fund, including both direct and indirect benefits accruing to the Adviser and its affiliates; (vii) the Adviser's potential economies of scale; (viii) the Adviser's compliance program, including a description of material compliance matters and material compliance violations; (ix) the Adviser's policies on and compliance procedures for personal securities transactions; and (x) the Fund's performance compared with a peer group of mutual funds and the Fund's benchmark index.

Representatives from the Adviser, along with other Fund service providers, presented additional information and participated in question and answer sessions at the Board meeting to help the Trustees evaluate the Adviser's services, fee and other aspects of the Agreement. The Independent Trustees received advice from independent counsel and met in executive sessions outside the presence of Fund management and the Adviser.

At the Board meeting, the Trustees, including all of the Independent Trustees, based on their evaluation of the information provided by the Adviser and other service providers of the Fund, renewed the Agreement. In considering the renewal of the Agreement, the Board considered various factors that they determined were relevant, including: (i) the nature, extent and quality of the services provided by the Adviser; (ii) the investment performance of the Fund and the Adviser; (iii) the costs of the services provided and profits realized by the Adviser from its relationship with the Fund, including both direct and indirect benefits accruing to the Adviser and its affiliates; (iv) the extent to which economies of scale are being realized by the Adviser; and (v) whether fee levels reflect such economies of scale for the benefit of Fund investors, as discussed in further detail below.

Nature, Extent and Quality of Services Provided by the Adviser

In considering the nature, extent and quality of the services provided by the Adviser, the Board reviewed the portfolio management services provided by the Adviser to the Fund, including the quality and continuity of the Adviser's portfolio management personnel, the resources of the Adviser, and the Adviser's compliance history and compliance program. The Trustees reviewed the terms of the Agreement. The Trustees also reviewed the Adviser's investment and risk management approaches for the Fund. The most recent investment adviser registration form ("Form ADV") for the Adviser was available to the Board, as was the response of the Adviser to a detailed series of questions which included, among other things, information about the investment advisory services provided by the Adviser to the Fund.

The Trustees also considered other services provided to the Fund by the Adviser such as selecting broker-dealers for executing portfolio transactions, monitoring adherence to the Fund's investment restrictions, and monitoring compliance with various Fund policies and procedures and with applicable securities laws and regulations. Based on the factors above, as well as those discussed below, the Board concluded, within the context of its full deliberations, that the nature, extent and quality of the services provided to the Fund by the Adviser were sufficient to support renewal of the Agreement.

Investment Performance of the Fund and the Adviser

The Board was provided with regular reports regarding the Fund's performance over various time periods. The Trustees also reviewed reports prepared by the Fund's administrator comparing the Fund's performance to its benchmark index and a peer group of mutual funds as classified by Lipper, an independent provider of investment company data, over various periods of time. Representatives from the Adviser provided information regarding and led discussions of factors impacting the performance of

the Fund, outlining current market conditions and explaining their expectations and strategies for the future. The Trustees determined that the Fund's performance was satisfactory, or, where the Fund's performance was materially below its benchmark and/or peer group, the Trustees were satisfied by the reasons for the underperformance and/or the steps taken by the Adviser in an effort to improve the performance of the Fund. Based on this information, the Board concluded, within the context of its full deliberations, that the investment results that the Adviser had been able to achieve for the Fund were sufficient to support renewal of the Agreement.

Costs of Advisory Services, Profitability and Economies of Scale

In considering the advisory fee payable by the Fund to the Adviser, the Trustees reviewed, among other things, a report of the advisory fee paid to the Adviser. The Trustees also reviewed reports prepared by the Fund's administrator comparing the Fund's net and gross expense ratios and advisory fee to those paid by a peer group of mutual funds as classified by Lipper. The Trustees reviewed the management fees charged by the Adviser to other clients with comparable mandates. The Trustees considered any differences in management fees and took into account the respective demands, resources and complexity associated with the Fund and other client accounts as well as the extensive regulatory, compliance and tax regimes to which the Fund is subject. The Board concluded, within the context of its full deliberations, that the advisory fee was reasonable in light of the nature and quality of the services rendered by the Adviser.

The Trustees reviewed the costs of services provided by and the profits realized by the Adviser from its relationship with the Fund, including both direct benefits and indirect benefits, such as research and brokerage services received under soft dollar arrangements, accruing to the Adviser and its affiliates. The Trustees considered how the Adviser's profitability was affected by factors such as its organizational structure and method for allocating expenses. The Trustees concluded that the profit margins of the Adviser with respect to the management of the Fund were not unreasonable. The Board also considered the Adviser's commitment to managing the Fund and its willingness to continue its expense limitation and fee waiver arrangement with the Fund.

The Trustees considered the Adviser's views relating to economies of scale in connection with the Fund as Fund assets grow and the extent to which the benefits of any such economies of scale are shared with the Fund and Fund shareholders. The Board considered the existence of any economies of scale and whether those were passed along to the Fund's shareholders through a graduated advisory fee schedule or other means, including fee waivers. The Trustees recognized that economies of scale

are difficult to identify and quantify and are rarely identifiable on a fund-by-fund basis. Based on this evaluation, the Board concluded that the advisory fee was reasonable in light of the information that was provided to the Trustees by the Adviser with respect to economies of scale.

Renewal of the Agreement

Based on the Board's deliberations and its evaluation of the information described above and other factors and information it believed relevant in the exercise of its reasonable business judgment, the Board, including all of the Independent Trustees, with the assistance of Fund counsel and Independent Trustees' counsel, unanimously concluded that the terms of the Agreement, including the fees payable thereunder, were fair and reasonable and agreed to renew the Agreement for another year. In its deliberations, the Board did not identify any absence of information as material to its decision, or any particular factor (or conclusion with respect thereto) or single piece of information that was all-important, controlling or determinative of its decision, but considered all of the factors together, and each Trustee may have attributed different weights to the various factors (and conclusions with respect thereto) and information.
